Phase Design was founded in Los Angeles in 2000 by award winning self-taught designer Reza Feiz. Working within his philosophy of “strength in simplicity,” he uses solid woods, metal, ceramics and fiberglass in luxurious finishes to realize his simple, yet dynamic furniture, lighting and tabletop designs. Reza has shown his work worldwide gaining international attention, has been dubbed as “An American designer who influences world design”, a “Style Pioneer” and “One of a group of select young designers who represent the leading edge of discovery in design.” His work has been acquired by some of the most discriminating clients ranging from Starwood hotels and Google to Gensler and Tom Ford, in addition to being collected worldwide.

construction:

All of Phase Design’s pieces are individually hand crafted by skilled and talented artisans. Each piece produced under the Phase brand is meticulously fabricated with attention to every detail.

We are deeply committed to provide quality goods manufactured in the United States. This is a deliberate choice to support the superior craftsmanship offered by our fabricators who take pride in their work. This enables shorter lead times and customization options.

ally

The Ally is a handy side table that can also serve as a stackable shelving unit. The airy frame is grounded with a warm solid walnut base. The walnut shelf can be attached either on the top of the frame to create a table surface, or inserted into the base as a shelf landing.

Specifications - Powder-coated steel frame available in flat or gloss black and white, with solid American walnut shelf. Custom colors available for powder coat finishes.

Total dimensions - W 18” D 18” H 14”
archie bedside table

A micro architectural side table crafted of solid lumber with multiple levels for storage. This cantilevered form is especially effective as a bedside table where multiple surfaces address all of your bedside needs.

Specifications - Solid wood construction available in walnut, white ash, white oak, or ebonized oak.

Total dimensions - W 20” D 18” H 14”
The precision and rigidity of the wooden exterior of this cantilevered chair contrast with the fully upholstered interior and down cushions which conform to your body, creating a relaxing and comfortable experience. This versatile piece is available as a chair, loveseat, or sofa. Archie seating makes a bold statement in any interior environment.

**archie chair / love / sofa**

Specifications - Available in white ash, white oak, ebonized oak, or walnut veneer, or high gloss lacquer. Upholstery may be sourced COM, COL, or suggested fabrics and leathers. (COM requirements = 5 yards for chair, 9 yards for loveseat, 12 yards for sofa).

The cantilevered houses that pepper Reza’s neighborhood in the Hollywood Hills are the inspiration for the BB series that is comprised of a chair, loveseat and sofa. These houses jet out from the hills and seem magically suspended over the Los Angeles landscape. Like the architecture, the BBC2 plays with balance, structure, and functionality. The one-foot overhang creates a unique harmony with the base and serves as a backrest.

**Specifications** - Wood construction with upholstered body. Upholstery may be sourced COM, COL, or suggested fabrics and leather. (COM requirements = 5 yards.)

bikini chair

Fashioned with the geometry of a cube in mind, the square proportions of this chair are a self-contained exercise in simplicity. The solid wood arms border the suspended back and seat rest and create a compact and functional seat. The name Bikini is derived from the two-piece bathing suit and references the separate back and seat rest. This whimsical word helps subdue the strong mathematical feel of the piece.

mesa side table

The inspiration for the Mesa Side Tables come from the word that they are named after: mesa - land formation, less extensive than a plateau, having steep walls and flat top. From there, the added element of tension and surprise was created by twisting the surface as it comes up. This torque creates a different visual experience at every angle. Strong and sturdy, the Mesa can also be used as a short stool, and is suitable for indoor or outdoor use.

Specifications - Hand-sanded fiberglass shell with an automotive polyurethane finish and clear coat. Suitable for indoor or outdoor use. Available in flat black, flat white, and gloss white. Optional "undermount plate" available for contract environments.

Planters
For the botanical modernist, this multi-purpose indoor/outdoor piece is an architectural take on the traditional planter. These lightweight yet durable planters are individually handcrafted and have a hand sanded fiberglass shell that is completed with an automotive polyurethane paint with a clear coat finish. The finish is then color-wet sanded to achieve its deep and glossy shell. This type of finish is usually reserved for the aircraft and automotive industries. The Griffin can also be stacked creating a modular sculpture.

mesa planter

The inspiration for the Mesa Planters comes from the word that they are named after: mesa - land formation, less extensive than a plateau, having steep walls and flat top. From there, the added element of tension and surprise was created by twisting the surface as it comes up. This torque creates a different visual experience at every angle. The Mesa adds to our roster of unique architectural and sculptural planters.

narcissist mirror

The Narcissist Mirror can be mounted horizontally or vertically to any wall surface. The frame is constructed from solid lumber that houses a bronzed mirror. The narcissist has dual purposes, with the mirror acting as the primary function, while the 4" deep frame works as a shelf for keys or other small accessories. With the mirror surface extending only a portion of the full length of the frame, the Narcissist stays in tune with Reza’s play between positive and negative space, by revealing a section of existing wall surface. The Narcissist Mirror can also be mounted in multiples to create a dynamic wallscape.
