

wired coffee / big coffee - metal top

Blending sloping angles and taut lengths of bent metal are a modern interpretation of the wiry idea initially conceived by Warren Platner. The series is made up of a suite of tables, side tables and benches and fitted with luxurious solid wood, glass, or upholstered tops. By choosing the upholstered top the coffee table can serve as an ottoman.

Specifications Solid steel bar and round plate. Steel available in gloss or flat white, black, gray, or yellow powder coat. Powder coat finishes also available in custom colors. Suitable for indoor use. May be sourced in stainless steel in powder coat finishes for outdoor use.
